SCOTT CUNNINGHAM

Digital Marketing & Content Lead

ABOUT ME

Digital marketing and content lead with 10+ years of experience across content strategy, social media, community management, and AI-assisted workflows. Managed over 120 accounts and supported 57 clients across multiple sectors. Known for turning complex ideas into clear, effective messaging that supports growth, improves execution, and strengthens brand communication.

WORK EXPERIENCE

CUDOS & CUDO Compute

Jan 2024 - Feb 2026

Content Strategist & Content Lead

Led content, editorial, and communications for GPU infrastructure across AI, HPC, and permissionless compute at CUDO Compute and CUDOS. Over two years, GTM messaging and content execution helped support revenue growth from ~\$1M to ~\$100M alongside global capacity expansion.

- Owned positioning and messaging for private GPU clusters and on-demand compute, with a focus on sovereignty, performance, and compliance.
- Produced GTM content across blogs, whitepapers, landing pages, and sales enablement materials to support pipeline growth.
- Built executive thought leadership and technical narratives for enterprise AI, national AI initiatives, and developer audiences.
- Launched campaigns tied to data center activations and GPU availability, including H100, H200, and L40S.
- Led the flagship editorial newsletter, growing it to 10,000+ subscribers across AI and infrastructure audiences.
- Created technical explainers and tutorials that simplified onboarding and clarified cost, capacity, and regulatory pressure.

Thunderbolt Technologies
